ive got a real clean ninja 250 with a blown motor.... im looking at a few different engines to swap in there. cr250 raptor 600 I am trying to keep it simple and cheap, no 4cyl, or V twins etc... so that leaves me with a big thumper or parallel twin.

Ninja 250 motor transplant... what motor to use?

I ran out of oil from doing intense mountain riding for several days, (ninja 250's burn oil at high RPM's) engine light never came on to alert me that I was burning up all my oil, long story short I neglected to physically check and after I let it cool down when I started it it sounds like things are loose inside and a huge loss of power/overheats in <1min.
