“A book of magic is also a magical book,” as one historian of the subject has observed.<sup>3</sup> As this suggests, I am concerned with the history of books and not just the magic they contained. It is important to understand their meaning and social significance, and to consider the endless attempts by religious and secular author-

The magic wand originated in Europe. Wands channel magic so as to make its effects both more precise and more powerful, although it is generally held to be a mark of the very greatest witches and wizards that they have also been able to produce wandless magic of a very high quality.

### **History of Magic in North America - Pottermore**

Overall, this book is more a of a encyclopedia or detailed glossary of the history of magic and the occult rather than a book that explores the evolution of magic and the occult throughout history. When you jump into knowing it is less about the evolution of but the explanation of different piece of magic/occult, I think it is easier to swallow.
