

accounting information systems james pdf

The Information System: An Accountant's Perspective. Unlike many other accounting subjects, such as intermediate accounting, accounting information systems (AIS) lacks a well-defined body of knowledge. Much controversy exists among college faculty as to what should and should not be covered in the AIS course.

Accounting Information Systems - site.iugaza.edu.ps

accounting information. In business, the accounting information system is an integral part of the accounting function. This first chapter is designed to provide a perspective on the role of AIS in organizations. It relates information to the normal activities of a business and interested parties.
