an introduction to the pdf
This introduction to R is derived from an original set of notes describing the S and S-Plus environments written in 1990â€"2 by Bill Venables and David M. Smith when at the University of Adelaide. We have made a number of small changes to reflect differences between the R and S programs, and expanded some of the material.

An Introduction to R
First published in 2004, David A. deSilva's comprehensive and carefully crafted introduction to the New Testament has been long established as an authoritative textbook and resource for students. This beautiful, full-color second edition has been updated throughout with new scholarship and numerous images.

An Introduction to the New Testament - InterVarsity Press
The study of Introduction was gradually limited to an investigation of the origin, the composition, the history, and the significance of the Bible as a whole (General Introduction), or of its separate books (Special Introduction).
