Effective systematic management of risks improves worker health and safety, as well as productivity. Eliminating health and safety risks. The model WHS Act and Regulations require those who have a duty to ensure health and safety, achieve it by eliminating health and safety risks, so far as is reasonably practicable.. We strongly encourage businesses to strive to go beyond minimum compliance.

Complexity characterises the behaviour of a system or model whose components interact in multiple ways and follow local rules, meaning there is no reasonable higher instruction to define the various possible interactions.. The term is generally used to characterize something with many parts where those parts interact with each other in multiple ways, culminating in a higher order of emergence ...
