Guidelines for the Design of Buried Steel Pipe July 2001 i Acknowledgments The following people (with their affiliations) contributed to this report.

Guidelines for the Design of Buried Steel Pipe July 2001

Design Thinking encourages individuals to act as creative catalysts with a systemic approach to innovation challenges. It can be applied in the workplace, at home, and in any sector of socio-economic life, though the focus of this course is the application of Design Thinking to challenges and opportunities specifically related to the management of innovation.
