The social aspects of television are influences this medium has had on society since its inception. The belief that this impact has been dramatic has been largely unchallenged in media theory since its inception. However, there is much dispute as to what those effects are, how serious the ramifications are and if these effects are more or less evolutionary with human communication

In computer networks, download means to receive data from a remote system, typically a server such as a web server, an FTP server, an email server, or other similar systems. This contrasts with uploading, where data is sent to a remote server. A download is a file offered for downloading or that has been downloaded, or the process of receiving such a file.
