Ancient and early modern precursors. There are a number of ancient or early modern texts including a great many epics and poems that contain fantastical or "science-fictional" elements, yet were written before the emergence of science fiction as a distinct genre.

### **History of science fiction - Wikipedia**

Hard science fiction is a category of science fiction characterized by an emphasis on scientific accuracy. The term was first used in print in 1957 by P. Schuyler Miller in a review of John W. Campbell's *Islands of Space* in the November issue of *Astounding Science Fiction*. The complementary term soft science fiction, formed by analogy to hard science fiction, first appeared in the late 1970s.
