News . November 2018 Novembre 24 The flying season being really over, it's time for a quick overview. Always lots of good flights on good days but this year, wild fires blocked south flights at the beginning of the Willi. The smoke that was coming and going after that made distance flights rather difficult.

Yellowjacket or Yellow jacket is the common name in North America for predatory social wasps of the genera *Vespula* and *Dolichovespula*. Members of these genera are known simply as "wasps" in other English-speaking countries. Most of these are black and yellow like the eastern yellowjacket *Vespula maculifrons* and the aerial yellowjacket *Dolichovespula arenaria*; some are black and white like the ...
