Orrison shook his head cheerfully “he was used to going out with all kinds of people. But that stuff about having been in the restaurant last May . . . He paused by the brass entablature in the cornerstone of the building. “Erected 1928,” it said. Trimble nodded. “But I was taken drunk that year” every-which-way drunk.

As the decade moved forward, other age-related statutory changes were made to juvenile court jurisdiction. State legislative actions began to refine circumstances under which juvenile offenders are treated as adult criminals, leaving transfer to adult court for only the most serious crimes and offenders.

were thrown away annually. The total peaked in the 1980s when 18 million tons of fish were discarded. Over the past decade, that level has fallen to roughly 10 million tons per year. Better population management and regulations have helped lower waste. However, the reduction might also be an indication that fish stocks are depleted total

## **The origin of this proverb traces back centuries, but time**

During the past decade, two significant developments have accelerated the globalization of information flows. The first is that computers have invaded millions of households. The second is the emergence and development of the Internet technologies. The former demonstrates that the role of computers has been extended dramatically, not only as a
