When built, from 1976, the InterCity 125 rolling stock was considered to be diesel-electric multiple units, with semi-fixed formations of power cars and intermediate passenger-carrying trailer cars. They were all numbered in the 4xxxx carriage series set aside for HST and Advanced Passenger Train vehicles. Numbers followed those allocated to the prototype Class 252 unit, so power cars were ...

British Railways (BR), which from 1965 traded as British Rail, was the state-owned company that operated most of the overground rail transport in Great Britain between 1948 and 1997. It was formed from the nationalisation of the "Big Four" British railway companies and lasted until the gradual privatisation of British Rail, in stages between 1994 and 1997.

With Robotic Process Automation, you can easily automate such repetitive tasks in a given business process. Referring to the example of Invoice Processing, RPA can read emails, download and read PDFs, maintain data in Excel sheets, update backend ERP systems, while approvals and quality checks remain manual as they need specialized skills, judgement and knowledge.

Recently I have been approached by some of my close friends to join some chain marketing company. Normally, chain marketing companies work on the principle of Pyramid Scheme. A pyramid scheme is a non-sustainable business model that involves the exchange of money primarily for enrolling other people into the scheme.
