Red hair (or ginger hair) occurs naturally in one to two percent of the human population, appearing with greater frequency (two to six percent) among people of northern or western European ancestry and lesser frequency in other populations. [citation needed] It is most common in individuals homozygous for a recessive allele on chromosome 16 that produces an altered version of the MC1R protein.

At her core, the green witch is a naturalist, an herbalist, a wise woman, and a healer. She embraces the power of nature; she draws energy from the Earth and the Universe; she relies on natural objects like stones and gems to commune with the land she lives off of; she uses plants, flowers, oils, and herbs for healing; she calls on nature for guidance; and she respects every living being no ...
