business systems modernization strategy pdf

Business Systems Modernization, or BSM, represents two of the Internal Revenue Service's Five Levers of Change " revamped business practices and new technology. It continues the IRS modernization process and builds on the Organizational Modernization effort that resulted in a new, customer-focused IRS that started Oct. 1, 2000. Crucial Need.

Business Systems Modernization Overview

Legacy systems feed data that is mapped to a canonical data model that reflects current and future needs. Modernization projects can then proceed by integrating themselves with the Repository, thereby restoring organizational agility by decoupling systems. Both approaches are valid and have distinct risks and benefits.
