INTRODUCTION. While many Americans continue to struggle with unemployment and financial distress in the aftermath of the Wall Street crisis of the late 2000s, it is increasingly recognized that these acute problems are symptomatic of deeper negative trends in our economy, decades in the making.

What Is Our Public GDP? Valuing Government in the Twenty

The cuneiform writing system was in use for more than three millennia, through several stages of development, from the 31st century BC down to the second century AD. Ultimately, it was completely replaced by alphabetic writing (in the general sense) in the course of the Roman era, and there are no cuneiform systems in current use. It had to be deciphered as a completely unknown writing system ...

Cuneiform - Wikipedia

Accounting or accountancy is the measurement, processing, and communication of financial information about economic entities such as businesses and corporations. The modern field was established by the Italian mathematician Luca Pacioli in 1494. Accounting, which has been called the "language of business", measures the results of an organization's economic activities and conveys this ...
