In modern English, the term cult has come to usually refer to a social group defined by its unusual religious, spiritual, or philosophical beliefs, or its common interest in a particular personality, object or goal. This sense of the term is controversial and it has divergent definitions in both popular culture and academia and it also has been an ongoing source of contention among scholars ...

Excerpted from a longer essay in progress. Adeline Koh and Roopika Risam recently started an open thread on DHPoco based around an observation by Martha Nell Smith about the politics of race and gender in the digital humanities. I find these topics distinctly connected to questions about language and the relationship of various humanities fields.
