Combining Science And Metaphysics PDF - bookslibland.net

The question of the proper role of metaphysics in philosophy of science is both significant and contentious. The last few decades have seen considerable engagement with philosophical projects aptly described as "the metaphysics of science:" inquiries into natural laws and properties, natural kinds, causal relations, and dispositions.

In this paper I will argue that if physics is to become a coherent metaphysics of nature it ... between science and metaphysics simply by looking at the . distinction.

How to combine and not to combine physics and metaphysics

merge science and metaphysics into one. But he already had to reckon with contemporaries who thought differently. Gassendi, for example, was of opinion that science (and with it all other secular knowledge) can attain only to the appearances which things present to us~ not to their 'inner truth'. Later, when Newton's physics
