

commercial banks and monetary pdf

A commercial bank is a type of bank that provides services such as accepting deposits, making business loans, and offering basic investment products that is operated as a business for profit.. It can also refer to a bank, or a division of a large bank, which deals with corporations or large/middle-sized business to differentiate it from a retail bank and an investment bank.

Commercial bank - Wikipedia

Money creation is the process by which the money supply of a country, or of an economic or monetary region, is increased. In most modern economies, most of the money supply is in the form of bank deposits. Central banks monitor the amount of money in the economy by measuring the so-called monetary aggregates.
