Theories and models Dual concern model. The dual concern model of conflict resolution is a conceptual perspective that assumes individuals' preferred method of dealing with conflict is based on two underlying themes or dimensions: concern for self (assertiveness) and concern for others ( ). According to the model, group members balance their concern for satisfying personal needs and interests ...

Conflict Resolution: Clarifying Desired Outcomes From A Conflict By University of Wisconsin - "One of the key challenges facing people who need to work through conflicts together is a lack of clarity about what they need. What they expect regarding how those needs are met at the workplace, and the relative priority of these expectations, is at the heart of this exercise.

Organizational conflict, or workplace conflict, is a state of discord caused by the actual or perceived opposition of needs, values and interests between people working together. Conflict takes many forms in organizations. There is the inevitable clash between formal authority and power and those individuals and groups affected. There are disputes over how revenues should be divided, how the ...
