Science, Technology, Engineering and Mathematics (STEM), previously Science, Math, Engineering and Technology (SMET), is a term used to group together these academic disciplines. This term is typically used when addressing education policy and curriculum choices in schools to improve competitiveness in science and technology development. It has implications for workforce development, national ...

Science, technology, engineering, and mathematics - Wikipedia

Rubik's Cube is a 3-D combination puzzle invented in 1974 by Hungarian sculptor and professor of architecture Ernő Rubik. Originally called the Magic Cube, the puzzle was licensed by Rubik to be sold by Ideal Toy Corp. in 1980 via businessman Tibor Laczi and Seven Towns founder Tom Kremer, and won the German Game of the Year special award for Best Puzzle that year.

The College of Business Administration at The University of Texas at El Paso shares with the University its fundamental mission to provide the highest quality education to the citizens of El Paso and the West Texas region, commensurate with AACSB International standards for business education.

College of Business Administration

It's been one of higher education's saddest ironies: a remediation system intended to fix what's broken has itself needed repair. For every 100 Massachusetts community college students who enrolled in a traditional developmental math course in 2015, only 24 went on to complete a credit-bearing math course within two years.

What's New / About / Massachusetts Department of Higher

An eminent mathematician reveals that his advances in the study of millennia-old mathematical questions owe to concepts derived from physics. Mathematics is full of weird number systems that most people have never heard of and would have trouble even conceptualizing. But rational numbers are ...

Secret Link Uncovered Between Pure Math and Physics

Publishing in International Journals. It is scheduled to be held on 27th and 28th March 2019 in Hammamet, Tunisia.
