Language pedagogy [definition needed] may take place as a general school subject, in a specialized language school, or out of school with a rich selection of proprietary methods online and in books, CDs and DVDs. There are many methods of teaching languages. Some have fallen into relative obscurity and others are widely used; still others have a small following, but offer useful insights.

To complete the cycle of learning one must also look at how students' achievement of learning outcomes is assessed. Assessment is not just the rounding off of the teaching and learning period but to a large extent a central steering element in those processes, and directly linked to learning outcomes.

Implicit bias arises from attitudes or stereotypes that affect our understanding, actions, and decisions in an unconscious manner. It may be helpful to think of implicit biases as unspoken stereotypes that we are repeatedly exposed to through media, social segregation, learning at early developmental stages, and normal habits of mind like categorization and heuristics.

Inquiry-based learning (also enquiry-based learning in British English) is a form of active learning that starts by posing questions, problems or scenarios“rather than simply presenting established facts or portraying a smooth path to knowledge. The process is often assisted by a facilitator. Inquirers will identify and research issues and questions to develop their knowledge or solutions.
