Contemporary art is the art of today, produced in the second half of the 20th century or in the 21st century. Contemporary artists work in a globally influenced, culturally diverse, and technologically advancing world. Their art is a dynamic combination of materials, methods, concepts, and subjects that continue the challenging of boundaries that was already well underway in the 20th century.

The history of Asian art or Eastern art, includes a vast range of influences from various cultures and religions. Developments in Asian art historically parallel those in Western art, in general a few centuries earlier. Chinese art, Indian art, Korean art, Japanese art, each had significant influence on Western art, and, vice versa. Near Eastern art also had a significant influence on Western art.
