Visual design elements and principles describe fundamental ideas about the practice of visual design.. The
best designers sometimes disregard the principles of design. When they do so, however, there is usually
some compensating merit attained at the cost of the violation.

Typography is the art and technique of arranging type to make written language legible, readable, and
appealing when displayed. The arrangement of type involves selecting typefaces, point sizes, line lengths,
line-spacing (), and letter-spacing (tracking), and adjusting the space between pairs of letters (kerning).The
term typography is also applied to the style, arrangement, and appearance of ...
