Thanks, Lindsey, for a thought-provoking blog. The question it raised for me is: when should a gay person like yourself continue in a church where the line from the leadership is that gay relationships, even if committed, faithful, loving, etc, are not allowed in God's sight, and when should this gay person leave that church (perhaps thereby contributing to its continuance in its present ...

A First Course in Linear Algebra is an introductory textbook designed for university sophomores and juniors. Typically such a student will have taken calculus, but this is not a prerequisite. The book begins with systems of linear equations, then covers matrix algebra, before taking up finite-dimensional vector spaces in full generality.
