I survived cancer. So why was I so sad? - The Washington Post

It's true that testicular cancer is considered to be the most curable cancer, but not the pure choriocarcinoma form of it, which is so aggressive that only about 1 in 10 survive this form of the disease.

Why Did I Survive Cancer When Others Did Not?

Cancer used to be the elephant in the room that people would whisper about, but not discuss openly. Over the years, society and science have come such a long way that openly acknowledging a cancer diagnosis is almost expected. Raise the flags and let them fly. Cancer survivorship, though, can sometimes pull the flags down.

I survived cancer! What's next? - City of Hope

As a physician who interviewed women who had survived breast cancer for my art project The Woman Inside and who studied patients who experienced spontaneous remissions from cancer as part of the research for my book Mind Over Medicine: Scientific Proof That You Can Heal Yourself , I discovered that those who had overcome cancer shared one remarkable thing in common.
