Mythological cosmologies often depict the world as centered on an axis mundi and delimited by a boundary such as a world ocean, a world serpent or similar. In some religions, worldliness (also called carnality [citation needed]) is that which relates to this world as opposed to other worlds or realms.. Buddhism. In Buddhism, the world means society, as distinct from the monastery.

The modern megacity may have been largely an invention of the West, but it's increasingly to be found largely in the East. The seven largest megacities (defined as areas of continuous urban development of over 10 million people) are located in Asia, based on a roundup of the latest population data released last month by Wendell Cox's Demographia.
